(Commission District 1.)

SUMMARY

This is a request to change the regulatory zone on 0.317 acres of a 1.083 acre parcel from Public Semi Public Facilities (PSP) to Medium Density Suburban (MDS) in order to correct an error created when a boundary line adjustment was completed for the parcel in 2004.

AGENDA ITEM # 21

Washoe County Strategic Objective supported by this item: Safe, secure and healthy communities.

PREVIOUS ACTION

On October 6, 2015, the Washoe County Planning Commission heard the Regulatory Zone Amendment request and recommended adoption. The Planning Commission supported the recommendation to recommend adoption by a vote of five in favor, none opposed and two absent.

On September 14, 2015, the West Truckee Meadows Citizen Advisory Board (CAB) heard the proposed Regulatory Zone Amendment and the CAB unanimously recommended approval of the request.

BACKGROUND

On August 17, 2015 the Director of the Planning and Development Division initiated this amendment to the Southwest Truckee Meadows Regulatory Zone Map for the purpose of changing the existing regulatory zone on the southern portion of the subject parcel from Public Semi Public Facilities (PSP) to match the same regulatory zone of Medium Density Suburban (MDS) on the northern portion of the same parcel.

The PSP zoning on the southern portion of the parcel (0.317 acres) was initially placed on the property to reflect the presence of a water storage reservoir owned by the Truckee Meadows Water Authority (TMWA). In 2004, following the purchase of an adjacent 0.317 acres from TMWA, the property owner completed a boundary line adjustment enlarging the original parcel (to 1.083 acres) which was zoned MDS. However, the PSP regulatory zone was inadvertently left on the new southern portion of the parcel after completion of the boundary line adjustment, rather than changing the regulatory zone to MDS to match the remainder of the parcel. The land acquired from TMWA is not connected with the use or operation of TMWA's water system. The parcel currently has an established residential use, with an associated detached accessory structure. The proposed amendment corrects the mapping inconsistency, bringing the property into conformance with the established residential uses on the property and on surrounding residential parcels.

FISCAL IMPACT

No fiscal impact.

RECOMMENDATION

It is recommended that the Board of County Commissioners affirm the findings of the Planning Commission (listed below), adopt Regulatory Zone Amendment Case Number RZA15-004 (Canyon Drive) amending the Regulatory Zone on 0.317 acres of a 1.083 acre parcel from Public Semi Public Facilities (PSP) to Medium Density Suburban (MDS), affirm the following findings of fact of the Washoe County Planning Commission and direct the Director of the Planning and Development Division to sign and certify the amended Southwest Truckee Meadows Regulatory Zone Map. It is further recommended that the Board authorize the Chair to sign a Resolution (Attachment A) adopting the amendment to the Southwest Truckee Meadows Regulatory Zone Map (Regulatory Zone Amendment Case Number RZA15-004).

1. Consistency with Master Plan. The proposed amendment is in substantial compliance with the policies and action programs of the Master Plan and the Regulatory Zone Map.
2. Compatible Land Uses. The proposed amendment will provide for land uses compatible with (existing or planned) adjacent land uses, and will not adversely impact the public health, safety or welfare.
3. Response to Changed Conditions, More Desirable Use. The proposed amendment responds to changed conditions or further studies that have occurred since the plan was adopted by the Board of County Commissioners, and the requested amendment represents a more desirable utilization of land.
4. Availability of Facilities. There are or are planned to be adequate transportation, recreation, utility and other facilities to accommodate the uses and densities permitted by the proposed amendment.
5. No Adverse Effects. The proposed amendment will not adversely affect the implementation of the policies and action programs of the Washoe County Master Plan.
6. Desired Pattern of Growth. The proposed amendment will promote the desired pattern for the orderly physical growth of the County and guides development of the County based on the projected population growth with the least amount of natural resource impairment and the efficient expenditure of funds for public services.

POSSIBLE MOTION

Should the Board agree with staff's recommendation, a possible motion would be:

“Move to adopt an amendment to the Southwest Truckee Meadows Regulatory Zone Map, changing the regulatory zone of 0.317 acres of the subject 1.083 acre parcel from Public Semi Public Facilities (PSP) to Medium Density Suburban (MDS); to affirm the findings of fact of the Washoe County Planning Commission; to direct the Director of the Planning and Development Division to sign and certify the amended Southwest Truckee Meadows Regulatory Zone Map; and to authorize the Chair to sign a Resolution adopting the amendment to the Southwest Truckee Meadows Regulatory Zone Map.”

(RZA15-004 – Canyon Drive)

WHEREAS,

- A. The Director of the Planning and Development Division, Community Services Department, initiated a regulatory zone amendment on 0.317 acres of a 1.083 acre parcel of land (APN: 009-105-03) from Public Semi Public Facilities (PSP) to Medium Density Suburban (MDS) located in the Southwest Truckee Meadows Area Plan as set forth in Exhibit A attached hereto;
- B. On October 6, 2015, the Washoe County Planning Commission held a duly noticed public hearing, determined that it had given reasoned consideration to the information it had received from staff, the applicant and from public comment regarding the proposed Regulatory Zone Amendment, recommended adoption of the amendment by Resolution Number 15-18; and, in connection therewith, made the following findings as required by Washoe County Development Code Section 110.821.15:
 1. Consistency with Master Plan. The proposed amendment is in substantial compliance with the policies and action programs of the Master Plan and the Regulatory Zone Map.
 2. Compatible Land Uses. The proposed amendment will provide for land uses compatible with (existing or planned) adjacent land uses, and will not adversely impact the public health, safety or welfare.
 3. Response to Changed Conditions, More Desirable Use. The proposed amendment responds to changed conditions or further studies that have occurred since the plan was adopted by the Board of County Commissioners, and the requested amendment represents a more desirable utilization of land.
 4. Availability of Facilities. There are or are planned to be adequate transportation, recreation, utility, and other facilities to accommodate the uses and densities permitted by the proposed amendment.
 5. No Adverse Effects. The proposed amendment will not adversely affect the implementation of the policies and action programs of the Washoe County Master Plan.
 6. Desired Pattern of Growth. The proposed amendment will promote the desired pattern for the orderly physical growth of the County and guides development of the County

based on the projected population growth with the least amount of natural resource impairment and the efficient expenditure of funds for public services.

- C. The amendment to the Southwest Truckee Meadows Area Plan Regulatory Zone Map was referred to this Board pursuant to Washoe County Code Section 110.821.30 to adopt, adopt with modification or deny the findings of the Planning Commission and adopt such parts thereof as may practicably be applied to the development of the county;
- D. This Board held a duly noticed public hearing on November 10, 2015 and desires to adopt the Regulatory Zone Amendment as specified in Attachment A to this Resolution;

NOW THEREFORE BE IT RESOLVED,

1. That this Board of County Commissioners affirms the findings of the Planning Commission and hereby ADOPTS the amendment to the Southwest Truckee Meadows Area Plan Regulatory Zone Map (Regulatory Zone Amendment Case Number RZA15-004), as provided in Attachment A attached hereto.

Explanation and Processing of a Regulatory Zone Amendment

The purpose of a Regulatory Zone Amendment (RZA) is to provide a method for amending the Regulatory Zone Maps which depict the regulatory zones adopted for properties within the unincorporated area of Washoe County. The Regulatory Zones establish the uses and development standards applied to each property.

The Washoe County Development Code provides that amendments to Washoe County Regulatory Zone maps may be initiated in one of three fashions:

1. Real property owners may submit an application to initiate an amendment;
2. The Planning Commission or Board of County Commissioners may initiate an amendment through a simple majority vote; or
3. The Director of the Planning and Development Division may initiate an amendment.

Requests to change a Regulatory Zone affecting a parcel of land or a portion of a parcel are processed under Article 821, Amendment of Regulatory Zone, of the Washoe County Development Code. Rezoning a lot or parcel from one Regulatory Zone to another requires action by both the Planning Commission and the Board of County Commissioners.

After initiation, public notices and neighborhood meetings take place, after which the Planning Commission considers the proposed RZA in a public hearing. The Planning Commission may recommend approval, approval with modifications or denial of the proposed amendments. Upon an affirmative recommendation by the Planning Commission, the Board of County Commissioners is required to hold a public hearing which must be noticed pursuant to Section 110.821.20 of the Washoe County Development Code. Final action is taken by the Board of County Commissioners who may adopt, adopt with modifications or deny the proposed amendment.

Vicinity Map

Existing and Proposed Regulatory Zones on Subject Properties

Background

The Director of the Planning and Development Division initiated an amendment on August 17, 2015 (Attachment B) to the Southwest Truckee Meadows Regulatory Zone map for the purpose of changing the existing regulatory zone on the southern portion of a parcel (APN 009-105-03) from Public Semi-Public Facilities (PSP) to match the same regulatory zone Medium Density Suburban (MDS) as the northern portion of the same parcel. The PSP zoning on the southerly portion of the parcel (0.317 acres) was initially placed on the property to reflect the presence of a water reservoir owned by the Truckee Meadows Water Authority (TMWA). The PSP regulatory zone was not changed in 2004 when the property owner acquired the property from TMWA and completed a boundary line adjustment enlarging the overall parcel (1.083 acres) zoned MDS. The proposed amendment corrects an existing mapping inconsistency (the southern portion of the parcel is not connected with the public use of the water reservoir), bringing the property into conformance with the established residential uses on the property and the surrounding residential parcels.

Current Conditions & Compatible Land Uses

The parcel is located in an established and built-out residential neighborhood. There is an existing house located on the parcel as well as a detached outbuilding located on the portion of the parcel currently designated PSP. The property receives water service from TMWA and sewer service from Washoe County.

The surrounding parcels have a master plan category of Suburban Residential (SR). The regulatory zone on surrounding parcels to the north, east and west is MDS. The Regulatory Zone of the parcel to the south is PSP and is the location of Hunter Creek Reservoir, part of TMWA's water system. The proposed amendment to the new regulatory zone is highly compatible with existing development in the surrounding area.

Citizen Advisory Board (CAB)

The proposed amendment was submitted to the West Truckee Meadows Citizen Advisory Board (CAB) and discussed during the September 14, 2015, CAB meeting. At the time of this writing, the minutes from the September 14 CAB meeting are not available. The CAB took unanimous action to recommend approval of the RZA.

Public Notice

Notice for Regulatory Zone Amendments must be given in accordance with the provisions of Nevada Revised Statutes 278.260, as amended.

Owners of all real property to be noticed are owners identified on the latest County Assessor's ownership maps and records. Such notice is complied with when notice is sent to the last known addresses of such real property owners as identified in the latest County Assessor's records. Any person who attends the public hearing is considered to be legally noticed unless those persons can provide evidence that they were not notified according to the provisions of Washoe County Code Section 110.821.20.

A minimum of 30 property owners within 750 feet of the area to which the proposed amendment pertains must be notified by mail at least 10 days before the public hearing date. Notice must also be given in a newspaper of general circulation within Washoe County at least 10 days before the public hearing date.

Sixty-two property owners within 750 feet of the subject parcel(s) will be noticed by mail on September 25 for the proposed Regulatory Zone Amendment (see Noticing Map, Attachment C). Additionally, notice of this public hearing was published in the newspaper at least 10 days prior to this meeting, and the Chair and membership of all Citizen Advisory Boards were likewise notified of the public hearing. Such notification was accomplished and staff can provide proof of notification if requested.

Agency Comments

The proposed amendment was submitted to the following agencies for review and comment:

- City of Reno, Community Development Department
- Regional Transportation Commission
- Truckee Meadows Regional Planning Agency
- Truckee Meadows Water Authority
- Truckee Meadows & Sierra Fire Protection Districts
- Washoe County Health District, Environmental Health Division
- Washoe County Engineering, Capital Projects and Utility Division

Washoe County has not received any agency comments on the proposed amendment.

Required Findings

Required findings for Regulatory Zone Amendments are found in Article 821, *Amendment of Regulatory Zone*, of the Washoe County Development Code, and in Southwest Truckee Meadows Area Plan Policy SW.20.1 (a part of the Master Plan). Staff has completed an analysis of the Regulatory Zone Amendment application and has determined that the proposal is in compliance with the required findings as follows.

1. **Consistency with Master Plan**. The proposed amendment is in substantial compliance with the policies and action programs of the Master Plan and Regulatory Zone Map.

Staff Comment: The proposed amendment is in substantial compliance as detailed in this staff report. The proposed amendment cleans up a zoning inconsistency created by Washoe County when the boundary line adjustment transferring this piece of property to the subject property owner was recorded.

2. **Compatible Land Uses**. The proposed amendment will provide for land uses compatible with (existing or planned) adjacent land uses, and will not adversely impact the public health, safety or welfare.

Staff Comment: The proposed amendment provides for land uses highly compatible with existing adjacent land uses. The proposed Medium Density Suburban (MDS) Regulatory

Zone will match the Regulatory Zone of the northern portion of the property as well as all properties to the east, west and south of the property. The proposed amendment will not impact public health, safety or welfare.

3. **Response to Change Conditions.** The proposed amendment responds to changed conditions or further studies that have occurred since the plan was adopted by the Board of County Commissioners, and the requested amendment represents a more desirable utilization of land.

Staff Comment: The proposed amendment corrects a Regulatory Zone inconsistency that resulted from a 2004 boundary line adjustment. Therefore, the requested amendment represents current uses on the existing property and a desirable utilization of land.

4. **Availability of Facilities.** There are, or are planned to be, adequate transportation, recreation, utility and other facilities to accommodate the uses and densities permitted by the proposed amendment.

Staff Comment: There are adequate facilities to accommodate the existing and potential uses on the property and the densities permitted by the proposed amendment.

5. **Master Plan Policies and Action Programs.** The proposed amendment will not adversely affect the implementation of the policies and action programs of the Washoe County Master Plan.

Staff Comment: The proposed amendment does not conflict with any of the policies and action programs of the Washoe County Master Plan.

6. **Desired Pattern of Growth.** The proposed amendment will promote the desired pattern for the orderly physical growth of the County and guides development of the County based on the projected population growth with the least amount of natural resource impairment and the efficient expenditure of funds for public services.

Staff Comment: The proposed amendment compliments the desired pattern for growth and development of the County without impairing natural resources and public services.

7. **Effect on a Military Installation.** The proposed amendment will not affect the location, purpose and mission of a military installation.

Staff Comment: There are no military installations located within the required 3,000 foot noticing distance from the subject property; therefore, the proposed amendment does not affect a military installation and this finding does not need to be made pursuant to Washoe County Code Section 110.821.15(d).

Recommendation

It is recommended that the Washoe County Planning Commission recommend approval of RZA15-004 for adoption by the Washoe County Board of County Commissioners. The following motion is provided for your consideration.

The Washoe County Development Code provides that amendments to the Master Plan may be initiated by the Director of Planning and Development Division.

The Division Director hereby initiates a Regulatory Zone Amendment (RZA) on the property at 5300 Canyon Drive (APN 009-105-03). The RZA will change the existing regulatory zone on the southerly portion of the property from Public Semi-Public Facilities to Medium Density Suburban (MDS) which is the same regulatory zone as the northern portion of the same parcel. The change of regulatory zone to MDS will match the existing suburban residential use on the property.

Washoe County will process the RZA at no charge to the property owner since a zoning inconsistency was created at the time the property received a boundary line adjustment between APN 009-003-05 and APN 009-105-01. Washoe County subsequently approved the construction of a Detached Accessory Structure (barn) on the southerly portion of the property zoned PSF which does not allow for this use. The County's approval created an illegal use (barn) in the PSF and the RZA will both correct this error and make the structure legal. The Boundary Line Adjustment Deed filed with the Washoe County Recorder's Office is Doc #3006934; it was filed on February 20, 2004.

Timeline for Adoption of RZA

September 14: West Truckee Meadows Citizen Advisory Board reviews proposed RZA
October 6: PC public hearing on RZA (assuming recommendation of approval)
